

KIN - BUY - Remain Positive Post 3Q14 Results and Ahead of Busy '15

November 13, 2014

Reminder: Be sure to register for the 2014 Guggenheim Securities **Life Sciences Day on Tuesday, December 16 in Boston,** by contacting your Guggenheim institutional sales representative. This event will consist of a full day of one-on-one meetings with senior management from more than 35 large-, mid-, and small-cap life sciences companies.

Post 3Q14 results, we are still positive on KIN shares because the company continues to advance its pipeline and has quickly moved past Cerekin. Overall, we view KIN's business model as having better risk/reward than its competitors, and KIN's management team has a successful record of launching Animal Health drugs. We see two good potential upcoming stock-moving catalysts: positive data for AtoKin and SentiKin in '15 and the potential for an M&A deal in '14+.

**3Q14 positives:** 1) Initiated pilot studies in several additional programs (SentiKin for OA in dogs, dental extraction, and KIND-011 for metabolic syndrome in horses); 3) Atokin and SentiKin continue to enroll and remain on track for completion in '15; 4) As of 9/30/14 had cash and equivalents of \$106.4MM (\$5.40/share); 5) CEO noted KIN is in ongoing discussions regarding business development.

KIN reported 3Q14 cash EPS of (\$0.31), \$0.14 higher than consensus and \$0.15 better than us. Our Variance Analysis has details. Management reiterated its guidance for spending in '14 (\$25-35MM). We updated our model for 3Q14 results and lowered our '14 operating expense estimate, which increased our '14 EPS estimate.

**Potential Catalysts.** 1) Data from pivotal studies for AtoKin and SentiKin released in mid-'15; 2) Approvals for AtoKin, SentiKin in '15+; 3) Additional pipeline advancements and approvals; 4) Partnerships and business development.

### **VALUATION METHODOLOGY AND RISKS**

We use a DCF analysis to arrive at our 12-month price target of \$31. We used a WACC of 28% and exit multiples of 22x forward EBIT. Risks to our valuation include: 1) Pipeline setbacks for drugs, 2) AtoKin and SentiKin peak sales below expectations, and 3) Competition from larger and better capitalized animal health companies in the industry.

Buy	108	59.67%	19	17.59%
Neutral	73	40.33%	4	5.48%
Sell	0	0.00%	0	0.00%

#### OTHER DISCLOSURES

This research is for our clients and prospective clients only. Other than disclosures relating to Guggenheim Securities and its affiliates, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the research analyst's judgment. Guggenheim Securities conducts a fullservice, integrated investment banking and brokerage business, and one or more of its affiliates conduct an investment management business. Guggenheim Securities is a member of SIPC (http://www.sipc.org). Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and our employees trading for our own account that reflect opinions that are contrary to the opinions expressed in this research. Guggenheim Securities or certain of its affiliates conducts an investment management business, trades for its own account, and conducts an investment business, and may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

We and our affiliates, officers, directors, and employees, excluding equity and credit analysts, will from time to time have long or short positions in, act as principal in, and buy or sell, the securities or derivatives, if any, referred to in this research. We and our affiliates also may sell to or buy from customers on a principal basis the securities described herein. We and our affiliates also do business with, or that relates to, companies covered in Guggenheim Securities' research, and may have a position in the debt of the company or companies discussed herein.

This research is not an offer to sell or the solicitation of an offer to buy any security. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

#### TACTICAL TRADING IDEA DISCLAIMER

Guggenheim Securities, LLC produces "Tactical Trade Ideas" that identify short-term, catalyst-driven trading opportunities impacting companies within the Firm's coverage universe. Tactical Trade Ideas may exist on companies in this report and may be contrary to the analyst's published rating.
